We can but remember there are people on the call who would not get a copy of the letter and they like to see whatever the room folks have. We can send the letter out after the meeting I guess. Would that work?

We will wait to hear from you on the powerpoint.

Can we hold off emailing the RPM letter? Gary Miller wants to hand out the letter in person to the meeting and discuss it at the CAC meeting. As to the presentation, EPA staff is still reviewing the power point.

Can I send it to the CAC as part of backup materials?

Also, are you all ok with the powerpoint presentation? We need to get that sent out.
